FREDERICKTOWN VILLAGE STRATEGIC PLAN

KNOX COUNTY VILLAGE DEVELOPMENT PLANS

HOW WILL FREDERICKTOWN USE THE PLAN?

Local officials will consult the strategic plan when making determinations about policies, projects, and programs; particularly as it relates to zoning, land use, and development. The plan provides a one-stop shop for understanding local conditions and demographics, as well as long-term, inclusive objectives.

WHO IS INVOLVED?

The plan framework is founded in community-wide aspirations and shepherded by a steering committee comprised of leaders with local expertise and a passion for the future of Fredericktown. The steering committee collaborates with a planning team of Village employees, hired consultants, and the community experts - you! - to ensure final recommendations properly reflect the Fredericktown community.

GET INVOLVED!

Inclusive and comprehensive public engagement helps ensure the Plan both reflects an authentic community-wide vision and is implementable. This requires your input!
